

**Well-recognized by  
top pharma clients**

### **Global regulatory compliance**

- US-FDA
- China NMPA
- AAALAC

### ***Partner with Medicilon TODAY***

***Medicilon provides overall the BEST value to help you reach your drug development milestones***

- Over 18 years of expertise in pharmaceutical drug development
- Comprehensive capabilities supported by dedicated research scientists
- Optimized pre-clinical safety assessment solutions to enable your IND filing
- Best and flexible capacity: rapid work initiation with short turnaround time
- Seamless integration of small molecule, biologics and preclinical services
- Highly competitive service quality and customer-oriented mindset
- Flexible business models ranging from FFS to fully integrated FTE

# A ONE-STOP-SHOP FOR PHARMACEUTICAL R&D SERVICES

Drug  
Discovery

## CHEMISTRY

Medicinal Chemistry  
Synthetic Chemistry  
Process Chemistry  
Analytical Chemistry  
PROTACs

## BIOLOGY

In Vitro Biology  
Structural Biology  
Protein Manufacture  
Cellular Assay Development  
Antibody Generation

## API

Process Development  
Quality & Stability Testing  
CMC

## Drug Product

Formulation Development  
Manufacture  
Bioequivalence testing  
Quality Consistency Assessment

Drug  
Development

## PHARMACOLOGY

Oncology  
Digestive System  
Central Nervous System  
Cardiovascular and Metabolic Diseases  
Inflammation and Immune System

## DMPK

In Vitro ADME  
In Vivo PK/PD  
Bioanalytical Solutions

Preclinical  
Testing

## SAFETY ASSESSMENT

General Toxicology  
Safety Pharmacology  
Genetic Toxicology  
Development and Reproductive Toxicology
