April 22-23, 2024
Congress Center Basel

Host:

Conference program at a glance

Monday, April 22, 2024

10:00-11:00	Swiss Biotech Association general assembly (by invitation only)		<i>Room Sydney</i>	
11:00	Registration opens		<i>Entrance</i>	
11:00-11:45	Press conference (media only)		<i>Room Rio</i>	
11:00-18:45	Exhibition throughout the day		<i>Foyer 2nd floor and Hall 4.1</i> p. 48	
	Poster presentations throughout the day		<i>Hall 4.1</i> p. 56	
	Global Village and Roundtable discussions		<i>Room San Francisco</i> p. 19	
	Partnering throughout the day		<i>Room San Francisco and Hall 4.1</i> p. 5	
11:30-13:00	Lunch		<i>Foyer 2nd floor and Hall 4.1</i>	
12:30-14:00	Plenary session I		<i>Room Montreal</i> p. 7	
14:00-15:00	Coffee break			
14:10-18:30	Parallel tracks			
	14:30-16:45	 Emerging biotech company presentations <i>Room Singapore</i> p. 8	 Clinical stage biotech company presentations <i>Room Samarkand</i> p. 10	LONZA Advanced biotech company presentations <i>Room Osaka</i> p. 11
	16:45-17:30	Start-up pitch Nucleate p. 9		
	17:45-18:30	Venture Leader pitch p. 9		
18:00-18:45	International reception of the Global Village		<i>Room San Francisco</i> p. 19	
18:45-21:00	Evening reception		<i>Foyer 2nd floor and Hall 4.1</i>

Welcome reception

Kindly supported by

BACHEM

Welcome reception

Markthalle Basel

We are excited to announce the very first welcome reception of the Swiss Biotech Day on Sunday, April 21, 2024.

The Swiss Biotech Day will once again provide a platform in Basel for networking, engaging discussions, and the exploration of advancements in R&D, manufacturing, data management, artificial intelligence, and innovative financing.

This inaugural gathering provides a prime networking opportunity, allowing attendees to connect and engage with peers before the event officially starts. Join us from 17:30 to 21:00 for an aperitif and an informal fun networking evening in anticipation of the lively days ahead.

Plenary session I

Plenary session I

Room Montreal

Moderation: **Monika Jones**

12:30 - Welcome local host

14:00 **Kaspar Sutter**, Head of the Department of Economic, Social and Environmental Affairs, Canton of Basel-Stadt

Welcome organizer

Michael Altorfer, CEO, Swiss Biotech Association

European Biosolutions Coalition

Sofie Carsten Nielsen, Director, European Biosolutions Coalition

Marit Hvithamar Rystrom, Leading Senior Advisor, European Biosolutions Coalition

Panel on Longevity

Patrick Aebischer, President emeritus, EPFL

Greg Behar, CEO, Recipharm

Elisabeth Roider, Partner and Chief Scientific & Medical officer, Maximon AG

Alejandro Ocampo, Assistant Professor, Université de Lausanne

Amalio Telenti, Executive Vice President, Vir Biotechnology

Life Science Cares

Patrick Amstutz, President, Swiss Biotech Association

Div Gupta, Partner, Cooley

Emerging biotech companies

Presented by **PUREOS**
BIOVENTURES

Time	Company	Room Singapore
14:30	Pureos Bioventures	PUREOS BIOVENTURES
14:45	Engimmune Therapeutics	Engimmune THERAPEUTICS
15:00	Antion Biosciences	Antion BIOSCIENCES
15:15	Ymmunobio	Ymmunobio
15:30	Haya Therapeutics	HAYA Therapeutics
15:45	Orio Therapeutics	ORIO THERAPEUTICS
16:00	SEITO Biologics	SEITO -Biologics
16:15	NewBiologix	NEW BIOLOGIX

Moderation: **Dominik Escher & Anne Grahl**, Pureos Bioventures

Pitching sessions

Presented by  Nucleate

16:45-17:30 Start-up pitch Nucleate

Room Singapore

BioPitch: Igniting innovation at Swiss Biotech Day with Nucleate

Discover groundbreaking innovations from Switzerland's early-stage life science start-ups at Nucleate's pitching session. These start-ups, part of Nucleate's Activator program, are revolutionizing human health challenges. Run by academic trainees, Nucleate fosters technology commercialization, offering equity-free support and connecting budding entrepreneurs with a prestigious advisor network.

Moderation: **Rishika Agarwal**, Co Managing Director, Nucleate Switzerland | **Sara Svanberg**, Co Managing Director, Nucleate Switzerland

Jury: **Katharina Kreymborg**, SVP, CSO Partner Team, Curie.Bio | **Zoë Johnson**, CSO & CDO, M:M Bio | **Antoine Boulanger**, Principal, Forbion

World class startups. Swiss made.

17:45-18:30 Venture Leaders pitch

Room Singapore

Discover the Venture Leaders biotech opportunities

Meet the Biotech Swiss National Start-up Team before their exclusive roadshow to Boston! Venture Leaders Biotech is organized by Venturelab in partnership with Swissnex Boston. The program with a value of CHF 10,000 is offered free of charge to the winners thanks to the support of Debiopharm, EPF Lausanne, ETH Zurich, Kellerhals Carrard, Hansjörg Wyss, Novartis, Swiss Biotech Association, and VISCHER. Join us as we showcase the innovative spirit and potential of these exceptional start-ups.

Moderation: **Ekaterina Koleva**, Program Manager, Venturelab

Panel discussions

Presented by  **Fortrea**

14:30-15:15 Panel 1

Room Sydney

Driving clinical development during challenging financial times

Are financial challenges hindering your clinical development journey? How to secure funding in today's evolving landscape?

Amidst a dynamic financial environment impacting drug development across the globe, companies need to make the right decisions in order to thrive.

Join our session to learn from the experiences of experts from venture capital, biotechnology, and the contract research space, who will deliver actionable insights to help you lead through challenging times.

Moderation: **Oren Cohen**, Chief Medical Officer and President of Clinical Pharmacology, Fortrea

Panelists:

Erik van den Berg, CEO, Memo Therapeutics

Daniela Schmitter, Head of Clinical Operations, Alentis Therapeutics

Marc Lohrmann, Managing Partner, Vesalius Biocapital III

Alison Foster, VP Strategic Delivery and Growth, Fortrea

Presented by  **SWISSmedic**

15:30-16:15 Panel 2

Room Sydney

How regulators can best support innovation

Regulatory agencies play a pivotal role in supporting Biotech R&D SMEs in their preparation of clinical trials and effective delivery of innovative and reliable therapies to patients.

Engaging early with Biotech R&Ds increases the chances of complying with regulatory requirements. Experiences and available tools are discussed.

Moderation: **Monika Jones**

Panelists:

Philippe Girard, Vice Director, Head of Medicinal product licences and surveillance, SWISSMEDIC Swiss Agency for Therapeutic Products

Daniel Meirelles Fernandes Pereira, Director, Member of the Board of Directors, ANVISA Brazilian Health Regulatory Agency

Bettina Ernst, CEO, Bernina Bioinvest & Innosuisse Innovation Council

Ulf Grawunder, Managing Partner, Viopas Venture Consulting, Basel, Switzerland; CEO, T-CURX, Würzburg, Germany

Presented by  INNOMEDICA**16:30-17:15 Panel 3****Room Sydney****Achieve initial market access in Switzerland.**

Switzerland is a recognized research location for pharmaceutical innovations, with many start-ups developing new products. Is initial market authorization worth it in Switzerland? The most essential and mandatory prerequisites for Switzerland as a biotech start-up innovation location are new additional and fast authorization channels involving patients and medical doctors. Join and discuss with us.

Moderation: **Stephan Klapproth**, Entrepreneur, journalist and former TV moderator, What's your Point

Panelists:

Carlos Beat Quinto, Member of the FMH central board

Peter Halbherr, Chairman and General Manager, InnoMedica

Further panelists are announced on www.swissbiotechday.ch

Presented by

**17:30-18:15 Panel 4****Room Sydney****Investments into global HC systems**

HC investments in low- and middle-income countries are engines of economic growth, social equity, and political stability. The Swiss life sciences industry, together with Swiss government organizations, academic institutions, and Swiss-based non-profit organizations, plays a key role in HC programs around the world. To further maximize the ROI of HC spending in LMICs, a more synchronized approach among Swiss stakeholders is needed.

Moderation: **André Guedel**, President Swiss African Business Circle, Head BD KPMG

Panelists:

Lutz Hegemann, President, Global Health & Sustainability, Novartis

Michael Altorfer, CEO, Swiss Biotech Association

Jörg Schläpfer, Head Intl. Relations, Swissmedic

Sitara Merchant, CEO, Swiss Capacity Building Facility (SCBF)

Presented by  **XDC**
The Bioconjugation Leader

14:30-15:15 Panel 5**Room Rio****ADCs & beyond**

Antibody-Drug Conjugates (ADCs) are currently among the most promising drug classes in oncology due to their ability to deliver cytotoxins to specific tumor sites, combining the selectivity of antibodies and the efficacy of chemotherapeutic drugs. What will be the next generation of ADCs? What are the potentials on other bioconjugates other than typical ADCs (i.e. XDC)? Can the therapeutic areas be expanded beyond oncology? This panel would like to explore on those topics.

Moderation: **Ulf Grawunder**, Managing Partner, Viopas Venture Consulting, Basel, Switzerland; CEO, T-CURX, Würzburg, Germany

Panelists:

Eric Lu, Senior Director Business Development, WuXi XDC

Frederic Levy, CSO, Debiopharm

Christoph Schäfer, CEO, CIS Pharma

Philipp Spycher, CSO, Araris Biotech

Carl Deutsch, CSO, NBE-Therapeutics, Boehringer Ingelheim

Presented by  **Swiss Biotech Association**

 **VirdisGroup**
INTERNATIONAL ORGANISATIONAL CONSULTING

15:30-16:15 Panel 6**Room Rio****Innovate & educate: sparking biotech's future**

The panel will explore key strategies and initiatives aimed at fostering innovation and education within the biotechnology sector:

- Nurturing a business mindset in scientists.
- Improving biotech education to meet industry needs.
- Connecting academia, industry and start-ups to bridge the gap between research and commercialization

Moderation: **Nathalie Rowell**, CEO, VirdisGroup

Panelists:

Annette Mollet, Managing Director, European Center of Pharmaceutical Medicine and Head Education and Training, University of Basel

Mark Illi, Co-Director, SITEM

Aksana Labokha, CEO, Rejuveron

Presented by  Swiss Biotech Association

16:30-17:15 Panel 7

Room Rio

The quest for further improving the framework conditions for biotech companies

Panelists from the former SBA Legal Tax & Accounting Chapter will share some key points of the Swiss framework conditions and more efficient ways to achieve the goals of biotech companies. Active participation of the audience is welcome.

Topics include: Legal and tax challenges with fundraising using hybrid instruments; intra-group financing and valuation questions of ESOPs

Moderation: **Matthias Staehelin**, Lead Partner Life Sciences, VISCHER

Panelists:

Dieter Gericke, Head Corporate / M&A, Co-Head Healthcare, Homburger

Frederik Schmachtenberg, Partner EY Life Sciences, Ernst & Young

Fabienne Limacher, Partner, Tax, Walder Wyss

Presented by  The Jackson Laboratory

17:30-18:15 Panel 8

Room Rio

Drug discovery for rare diseases: from genes to treatments

Five experts in preclinical rare disease research will discuss the impact of recent technological and scientific advancements on rare disease drug development. The panelists come from diverse backgrounds, including academic research, preclinical, and clinical development, and each of them will offer a unique perspective on a range of arguments, from disease modeling to regulatory requirements.

Moderation: **Alexandre Reymond**, Professor, Center for Integrative Genomics of the University of Lausanne

Panelists:

Laurent Bogdanik, Associate Director, Preclinical Services – Neurology and Gene Therapy

Manolo Bellotto, Chief Strategy Officer and General Manager, Gain Therapeutics

Harald Petry, CEO, Avrion Therapeutics

Djordje Filipovic, CEO, AB2 Bio

Presented by  | 

14:30-15:15 Panel 9

Marriott Hotel

Are current incentives to promote drug innovation in healthcare sustainable?

In the context of rising expectations and heightened budgetary pressures, it is crucial to delve into the significance of implementing the right incentives to foster continued research, development, and commercialization for innovative medicines. With speakers from different parts of the healthcare sector, this panel will discuss the tensions in the system and the role of all stakeholders in addressing these and making innovation a reality for patients.

Moderation: **Christophe Hilbert**, Director, European Reimbursement and Access, Incyte Biosciences International

Panelists:

Hervé Lamarque, Division Vice President, Head of Value Access Pricing & Business Development Europe, Incyte Biosciences International

Rosmarie Pfau, Founder & President, lymphome.ch

Elisabeth Roider, Physician scientist, Universitätsspital Basel

Andreas Wildi, attorney-at-law, Partner, Walder Wyss

Presented by 

15:30-16:15 Panel 10

Marriott Hotel

Maintaining funding flexibility to grow value

Capital markets are opening up in 2024 for biotech after two dry years, and a few Swiss companies are considering public listing. Is it the best way to grow value? What paths can a late-stage biotech consider? Join us to discuss the opportunities and challenges an IPO brings, and exchange experience in the Swiss biotech ecosystem.

Moderation: **Peter Mozerov**, Senior Manager, KPMG

Panelists:

Reto Näf, Chairman of the BoD, Topadur Pharma

Dario Eklund, CEO, Santhera Pharmaceuticals

Sascha Bucher, Co-Founder and Partner, Forty51 Ventures

Valentin Piëch, PhD, Managing Partner, Biomed VC

Presented by

16:30-17:15 Panel 11**Marriott Hotel****Life Science Cares Switzerland – bringing hearts and minds together**

Life Science Cares Switzerland (LSCS) is a newly founded organization which brings together the Life Science Community and local non-profit organizations to build bridges for people with limited opportunities by breaking the vicious circle of poverty and inequality in Switzerland. Its purpose is equal access to education and opportunities for all. The panel puts the focus on why this matters and shares insights from the work of Life Science Cares USA.

Moderation: **Seth Lewis**, Senior Vice President Investor Relations and Strategy, Molecular Partners

Panelists:

Patrick Amstutz, CEO Molecular Partners & President Swiss Biotech Association

Isabel Dalli, Global Head Sponsoring and Donations & Founder LSCS, Novartis

Dorothea Bergler, Head of Partner and Institutional Engagement, Schweizerisches Rotes Kreuz

Div Gupta, Partner, Cooley, Board of advisors of Life Sciences Cares NY

Presented by

17:30-18:15 Panel 12**Marriott Hotel****Seeking payer-relevant input into your development plan: Focus the development effort to maximize commercial potential**

A strong scientific case is not enough. Maximizing commercial potential starts early and needs to be an integral part of successful development. Yet, many biotechs start (too) late. Explore strategies for efficient and effective development, enhancing asset value by integrating payer-relevant input. Gain insights from industry leaders and healthcare payers as they discuss ways to refine your approach and demonstrate value that convinces payers and investors.

Moderation: **Prateet Minhas**, Managing Director, Syneos Health Consulting

Panelists:

Laurent Massuyeau, CEO & Founder, IQone Healthcare

Marina Faiella, Head Forecasting & Analytics, BeiGene

Mathias Flume, Head of Department, Kassenärztliche Vereinigung

Presented by **SARTORIUS****16:30-17:15 Panel 13****Room Montreal****More with less: Expert insights on how process intensification can be used to achieve affordable and sustainable biologics manufacturing**

Under the light of changing paradigms in the biopharmaceutical industry more and more focus is given on increasing the productivity, lowering the costs and speeding up the time to clinic. Can an intensified approach towards biopharmaceutical manufacturing shape the future of the whole industry? Gain crucial insights from different viewpoints by attending the panel discussion with experienced industry leaders out of different functions, positions and modalities in the market.

Moderation: **Uwe Gottschalk**, Operating Partner, Keensight Capital

Panelists:

Eduard Ayuso, Chief Technology Officer, Siegfried Dinamiqs

Georg Blaser & Samanta Cimitan, VP Biologics Development Center & CEO, Celonic

John Manneke, Global Category Manager Drug Substance, Roche

Thomas Villiger, Professor of Bioprocess Technology, FHNW

See all information on the panel discussions here →

Global Village

Presented by

Global Village

Room San Francisco

Welcome to the Global Village at the Swiss Biotech Day 2024 - The power of international collaboration.

The Global Village is an effective platform hosted by the Swiss Biotech Association in partnership with other Swiss organizations who engage in worldwide networking and international collaboration in biotech and life sciences.

The Global Village provides a dedicated offering for national and regional delegations from foreign biotech clusters who wish to develop and strengthen long-term and sustainable business ties and collaborations with various stakeholders of the Swiss biotech ecosystem. The Global Village platform aims at continuous and sustainable collaboration, concrete action plans for collaboration with impact and collaboration with mutual benefit for all involved.

Since the platform was initiated in 2022 many delegations from North and South America, Asia, Australia, and Europe have engaged in the Global Village and outlined successfully essential steps to move collaborations forward.

This year the Global Village is joined by a record number of 17 delegations. The conference program offers a multitude of opportunities and all Swiss Biotech Day participants are welcome to engage with international delegations:

- Meet and engage with delegation members at their booth in the Global Village area (p. 20-23 & 45)
- Witness roundtable discussions exploring opportunities for collaboration (p. 24-25)
- Join a dedicated pitching session with companies from international delegations (p. 42)
- Meet all members of delegations at the International Reception on Monday 18:00
- Take advantage of the final opportunity to meet delegations at the market place on Tuesday 16:00

See all information of the Global Village here →

Global Village

Presented by  NL Health-Holland

Delegation of the Netherlands

Roundtable discussion: Monday, April 22, 14:30 – 15:30

Participating companies:

Amarna Therapeutics, Basic Pharma Holding, Biotactical, Biotech Booster, Catherinn, Digi.Bio, Genewity, Glycomscan, HALIX, Health Holland, InnoGI Technologies, Leiden University Medical Center, Lygature, Medace, Novartis, NTrans Technologies, Oncode Accelerator, PPI HC, RegMed XB, RIBOPRO, Roche NL, Scinus Cell Expansion Netherlands, TNO - Peregrion, University Medical Center Utrecht, VitroScan, Embassy of the Kingdom of the Netherlands, Netherlands Enterprise Agency

Presented by  business oregon

Delegation of Orgeon

Roundtable discussion: Monday, April 22, 15:45 – 16:15

Participating companies:

Business Oregon, Oregon Bioscience Association, Augmented, Dextronix, Rewire AI

Presented by  BHC  bioga Counting. Translating. Emerging.

Delegation of Spain

Roundtable discussion: Monday, April 22, 16:30 – 17:00

Participating companies:

3P Biovian, Almirall, AseBio, Basque Health Cluster, BeCytes Biotechnologies, bFlow, Biobide, Bioga, Bioingenium, CZ Vaccines, Diversa Technologies, Fundación Medina, GalChimia, Gate2Brain, Innoprot, Libera Bio, ONIRIA THERAPEUTICS, Oryzon, SPECIFIC PIG, TAD

Presented by  HBIO HEALTH BIOTECHNOLOGY INNOVATION CLUSTER

Delegation of Greece

Roundtable discussion: Monday, April 22, 17:15 – 17:45

Participating companies:

PhosPrint, National Centre For Scientific Research Demokritos, Hellenic Biocluster, Pharmassist CRO, Protavio, Bioemtech

Presented by 

Delegation of Canada

Roundtable discussion: Monday, April 22, 17:15 – 17:45

Participating companies:

Government of Canada – Trade Commissioner Service, Q&C Services, Hermay Labs Corporation, Myomar Molecular, Eyam Vaccines and Immunotherapeutics, Precision NanoSystems, Dalriada Drug Discovery, Life360 Innovations, Nimble Science, Future-Fields, PolyAnalytics

Presented by   

Delegation of Japan

Roundtable discussion: Tuesday, April 23, 12:15 – 12:45

Participating companies:

Swiss Business Hub Japan / Embassy of Switzerland in Japan, Gellycle, Maruho Deutschland, Astellas Pharma Europe, Hirata Corporation, Terumo Corporation, Daiichi Sankyo, Syncrest, Genesis Healthcare, Kissei America, Otsuka Pharmaceutical Europe, NOF Corporation, Eisai, Senju Pharmaceutical

Presented by   

Delegation of Rhineland-Palatinate

Roundtable discussion: Tuesday, April 23, 12:15 – 12:45

Participating companies:

Ministry of Economic Affairs, Transport, Agriculture and Viniculture Rhineland-Palatinate, BioVation RLP, biomindz, Chamber of Commerce and Industry for Rheinhessen, Chamber of Foreign Trade Switzerland

Presented by 

Delegation of Hong Kong / China

Roundtable discussion: Tuesday, April 23, 13:00 – 13:30

Participating companies:

HEC Lausanne, iCANX, InvestHK, HKTDC, HKEX, Quant Biomarkers

Presented by  **sindusfarma**

Delegation of Brazil

Roundtable discussion: Tuesday, April 23, 13:45 – 14:15

Participating companies:

Gcell, Synvia, ICL, Inovatie, Intrials, Biolab, Parque Tecnológico de Campina Grande, Fiocruz, Libbs, ANVISA Brazilian Health Regulatory Agency, Sindusfarma, MedNova Consulting

Presented by  **Bora Biologics**  **KriSan**  **BioTaiwan**
Taiwan Life Industry Organization

Delegation of Taiwan

Roundtable discussion: Tuesday, April 23, 13:45 – 14:15

Participating companies:

TaiwanBio, Biomedical Translation Research Center (BioTreC), Bora Biologics, KriSan Biotech

Presented by  **KOTRA**
Korea Trade-Investment Promotion Agency

Delegation of South Korea

Roundtable discussion: Tuesday, April 23, 14:30 – 15:00

Participating companies:

KOTRA (Korea Trade-Investment Promotion Agency), VSPHarmTech, RadaHaim, AmoLifeScience, ILIAS Biologics, Prestige Biologics, Portrai, Rokit Healthcare, AIcloud, Healthibuddy, Foretell My Health, Peptide, Swiss Business Hub Korea, Pohang City

Presented by  **MRGN Advisors**

Delegation of France

Roundtable discussion: Tuesday, April 23, 14:30 – 15:00

Participating companies:

AlphaOnco Swiss, CellProthera, ARaymondLife, Ciloa, Keyrus

Presented by

Delegation of India

Roundtable discussion:

Tuesday, April 23, 15:15 – 15:45

Participating companies:

Swiss Business Hub India, Swati Spentose, Persistent Systems, Metastop Solutions, Centella AI Therapeutics, Presciences Insilico, Avinya Biotech, SICC, Veeda CR

Presented by

Delegation of Bavaria

Roundtable discussion:

Tuesday, April 23, 15:15 – 15:45

Participating companies:

Bio-M Biotech Cluster Development, FGK Clinical Research, Cfm Oskar Tropitzsch, Cortex Discovery, Iris Biotech, Velvio

Presented by

Delegation of Italy

Participating companies:

Istituto Biochimico Italiano G. Lorenzini, Nerviano Medical Sciences, Menarini Biotech, DIAMANTE Healthcare, Accelera, NerPharMa

Presented by

Delegation of Poland

Participating companies:

A4BEE, BIOTON, Bioforum Association, CLINMARK, DICELLA, ExecMind, Nencki Institute for Experimental Biology PAN, City of ŁÓDŹ, MEDICAL INVENTI, ŁUKASIEWICZ RESEARCH NETWORK – Technology Institute of Lodz, Polish Agency Investment & Trade Agency (PAIH), SIGEON IP, SYVENTO

Presented by

Delegation of Saxony

Participating companies:

AIREA – The Airport Region in Central Germany, IMG (Investitions- und Marketing-gesellschaft Sachsen-Anhalt), biosaxony, Wirtschaftsförderung Sachsen WFS, Weinberg Campus, Life Science Sachsen-Anhalt, Oncotec Pharma Produktion, Biotype

Roundtable discussions

Please join us for Roundtable discussions, aiming to facilitate partnerships and connect international representatives with the Swiss biotech industry for research, corporate collaborations, policy-making and investments.

Monday 22 nd April	Roundtable 1 San Francisco (stage)	Roundtable 2 San Francisco
14:30-15:30	The Netherlands Building strategic bridges for innovative therapy development	
15:45-16:15	Oregon Explore long-term collaboration opportunities between Oregon's biosciences community and Swiss biotech ecosystem	
16:30-17:00	Spain Sustainable collaboration between Spanish and Swiss biotech ecosystems	
17:15-17:45	Canada Biotech innovation & collaboration in Switzerland and Canada	Greece Swiss-Greek biotech opportunities: Early stage innovation acceleration & collaboration in clinical trials

See all information of the Global Village here →

Tuesday 23rd April	Roundtable 1 San Francisco (stage)	Roundtable 2 San Francisco
12:15-12:45	Japan Japanese and Swiss biotech ecosystem collaboration	Rhineland-Palatinate Building a biotech cluster today - successful recipes, added value for stakeholders, economic and social impact
13:00-13:30	Hong Kong China Biotech ecosystem collaboration	
13:45-14:15	Brazil Facilitating investments, licensing and clinical trials: Brazilian-Swiss biotech opportunities	Taiwan Essential tools in process science to ensure safety and potency for biologics development
14:30-15:00	South Korea Fostering bio industrial R&D cooperation between Korea and Switzerland	France Comparative analysis on financing opportunities between Switzerland and France: private/public funding, public incentives and cross-border investments
15:15-15:45	India Opportunities created by the Trade and Economic Partnership Agreement signed between Switzerland and India in the biotech sector	Bavaria From cutting-edge innovation to strong industrial partnerships between Bavaria and Swiss biotech ecosystems

Pitching sessions

Presented by  Swiss Biotech Association

09:00-09:45 Pitch

Room Singapore

Next generation organ-on-chip & organoids

In recent years, the pharma/biotech industry has recognized the importance of seeking viable alternatives to traditional animal testing. This shift has led to advancements in the development of innovative technologies that include organoids and organs-on-a-chip. These cutting-edge solutions have paved the way for a more ethical and efficient approach to drug development. The pitching session will present innovative companies and one innovation centre developing disruptive solutions.

Recent developments and future avenues in cell & gene therapies

Cell & Gene Therapy (CGT) are exciting therapeutic modalities which bring us closer to our goal of curing disease. This CGT pitching session will showcase innovative companies at various stages of development. The focus will delve into three key facets of deploying CGT to address diverse medical needs: (i) gene therapy for genetically defined disorders, (ii) recent strides in CGT within immune-oncology, and (iii) advancements in tackling autoimmunity.

12:15-13:00 Pitch industrial biotech

Room Samarkand

Cooperating and partnering to address critical environmental challenges through industrial biotechnology

Industrial Biotechnology (IB) allows for more energy-efficient and sustainable manufacturing processes as well as creating opportunities for abating pollution, using waste and creating new products. It underpins a circular economy, sustainable chemicals industry and can help to protect scarce natural resources. It is likely to impact many aspects of everyday life through new biobased products and processes with far reaching and disruptive impacts. This session starts with the pitches from a number of pioneering early stage Swiss companies. The pitches serve as a basis for an corporate and investor panel sharing their views on how these companies can serve as case studies for the development of the sector.

Mentoring booths

Hall 4.1

Explore the mentoring booths from Bayer, CSL Behring, and Swissmedic, offering personalized guidance to participants. Take the opportunity to gain insights from industry leaders and enhance your professional journey.

Mentoring booth 1 (MB1): CSL Behring

CSL is a global biotechnology company with a dynamic portfolio of lifesaving medicines, including those that treat haemophilia and immune deficiencies, as well as vaccines to prevent influenza. Since our start in 1916, we have been driven by our promise to save lives using the latest technologies. Today, CSL – including our three businesses: CSL Behring, CSL Seqirus and CSL Vifor – provides lifesaving products to patients in more than 100 countries and employs 32,000 people.

Mentoring booth 2 (MB2): Bayer

Bayer is a global enterprise with core competencies in the life science fields of healthcare and agriculture. We design our products and services to help tackle some of the world's biggest challenges, and to serve the most essential human needs of health and nutrition. Let's collaborate to cure to bring innovation to patients!

Mentoring booth 3 (MB3): Swissmedic

From development to market surveillance Swissmedic is the Swiss authority for licensing and monitoring of therapeutic products. We ensure that the therapeutic products we approve are of faultless quality, effective and safe. Swissmedic is involved in the entire life cycle of a medicinal products because of its mandated areas of responsibility in the sectors of licensing and the authorization and monitoring of therapeutic products.
