

The power of international collaboration

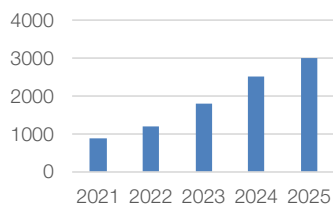

**SWISS
BIOTECH**

Since 2021, the Swiss Biotech Day has grown by 25-40% every year and has become a premier global biotechnology conference for life science professionals, fostering international collaboration and impactful partnerships.

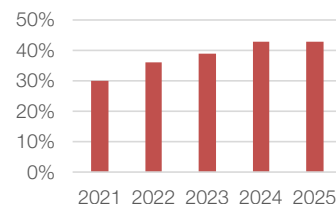

In 2025 it attracted more than 3,000 participants from 49 countries, including 25 international delegations. The key audiences are biotech leaders, global biotech investors, pharma representatives, translational academic research groups, and global CROs/CDMOs.

Join the Swiss Biotech Day to network, exchange ideas, and explore advances in R&D, manufacturing, data management, AI, talent development, and innovative financing. In addition, the embedded Global Village provides international delegations with a platform to strengthen their ties with the Swiss biotech hub to promote cross-border investments, public-private partnerships, R&D collaborations, and the exchange of best practices.

Mentoring booths at the Swiss Biotech Day

Empowering biotech leaders: Connect. learn. grow.

The mentoring booths at the Swiss Biotech Day are a dedicated space for entrepreneurs, researchers, and executives to connect with experienced biotech leaders, investors, and expert advisors across the biotech lifecycle. They complement the conference's networking and exhibition activities with focused one-on-one or small-group consultations designed to accelerate learning, collaboration, and professional growth across the biotech lifecycle.

Why it matters

The mentoring booths strengthen Switzerland's collaborative biotech ecosystem by:

- Sharing expertise between generations of innovators
- Facilitating valuable new partnerships
- Helping young ventures avoid common pitfalls
- Showcasing the Swiss biotech community's spirit of collaboration and support

Types of mentors

Mentors include, investors, pharma partners, legal and regulatory specialists, manufacturing, marketing & communication executives, etc. Each booth typically focuses on a distinct topic addressing some aspects of the 8 main industry topics:

- | | |
|--|---------------------------------|
| • Financing & partnering | • Regulatory & patient advocacy |
| • Talent | • Digitalization |
| • Translational R&D | • Marketing & communication |
| • Manufacturing, CMC & quality control | • Legal, tax & accounting |

How it works

- **Book or drop in:** Attendees can pre-book short (20 min) one-on-one sessions in the partnering system or drop by to arrange for spontaneous discussions.
- **Answer questions:** Topics can range from company creation, financing, partnering, and IP strategy to regulatory pathways, manufacturing, or market access.

Benefits for mentors

- Increase visibility and position as industry leaders.
- Connect with startups & SMEs/potential future clients.
- Contribute to the biotech community through knowledge sharing.
- Identify new business opportunities early, and generate high-quality leads through meaningful, face-to-face exchanges.

Benefits for visitors

- Gain complementary quick, practical insights and advice from experts.
- Build valuable connections and visibility.
- Accelerate learning and professional growth.
- Get inspiration and guidance for next steps.

What you get & prices

- Exhibition space in the exhibition area (approx. 10 sqm) including power supply
- Display of your marketing materials on the media tables
- Publication of a company profile on our website
